

Tregolls Manor

Situated in the elegant Georgian city of Truro, in the heart of one of England's most beautiful counties, Tregolls Manor is a most exclusive and luxurious private care residence. It combines the warmth and comfort of a home from home with the refinement and style of a good hotel.

Furnished to an exceptional level, Tregolls Manor offers choice, comfort, security and the highest standards of professional care to the discerning resident.

At Tregolls Manor our philosophy is one of quality and individual choice. Long term residents and temporary visitors are all treated as honoured guests. We always aim to encourage and sustain independence while providing all the support and care that is required.

*Warmth and welcome
at Cornwall's premier
care residence.*

Individual residents can ask our experienced Chefs for meals of their own choice at any time. There are no restrictions on visitors and overnight accommodation for family and friends can usually be provided. Courtesy transport is available at all times, whether for a trip to the shops or an outing to one of Cornwall's many beauty spots.

We have 24 rooms, most with en-suite bathrooms and all warm, comfortable and tastefully furnished. Residents are welcome to bring items of their own furniture if they wish. There are two drawing rooms, one for quiet reading and contemplation, the other for congenial conversation or watching television. All rooms are equipped with a television, telephone (internal and external) and free internet access is available.

The Dining Room has a stylish Regency feel to it and to the rear of the home are two secluded walled gardens. The Home is carpeted throughout, beautifully warm at all times and, of course, there is lift access to all floors.

Tregolls Manor prides itself on professional 24-hour care.
All the staff are fully experienced in the care of the elderly and
are dedicated to their wellbeing.

We offer both long term and short-term care. Special diets are catered for
and a sanctuary is provided for palliative care and in the frailty of old age.

To the rear of the house are two secluded walled gardens with comfortable furniture, window boxes, bird tables, balconies and walkways, umbrellas and abundant flowers.

The aspect is south facing, providing a lovely place to serve elevenses or tea in the afternoon. The garden is a welcoming place for both children and pets to explore. Floodlighting makes the garden an attractive sight at night and also more secure.
